

Temporary & Contract

Hiring temporary & contract staff is becoming an increasingly popular recruitment solution in the Irish market. Head-count freezes, systems implementation projects and short-term requirements such as covering holiday and maternity leave have led to a surge in demand for good quality temporary & contract staff. Employers are quickly recognising the benefits of employing a candidate who can instantly add value to a company's bottom line.

Brightwater's Temporary & Contract Division specialises in placing qualified and part-qualified accountants across a range of industries in temporary, contract and interim management positions. We also cover interim banking roles at all levels. We believe that our service, speed and professionalism are second to none. This is particularly crucial when recruiting temporary and contract staff who are available to work immediately or have short notice periods.

Our areas of expertise include:

- *Accountancy*
- *Banking*
- *Industry & Commerce*

A deliberate choice of lifestyle has contributed to a significant increase in the number of people choosing this type of work. Temporary assignments also offer a variety of experience that can prove immensely attractive to job-seekers and increase their own value in the market-place.
