

# Information Technology

A fast-moving and dynamic sector, IT is continuing to expand at a rapid pace. Employers are now regarding their IT function as a vital part of their organisation and as a proactive generator of business value. However, most organisations that require IT professionals have experienced difficulty in finding quality hires whether on a contract or a permanent basis.

Brightwater IT is a specialist division of the Brightwater Group addressing the ever growing recruitment needs of the market. With the resurgence of the IT sector over recent years, Brightwater has made significant investment in attracting skilled IT professionals to fulfil our clients' needs.

## Brightwater's Information Technology Division recruits in the following areas:

- Infrastructure & Operations
- Software
- Web Services
- Datawarehousing

With our excellent reputation in the market, we are attracting highly experienced permanent and contract staff who can make a real impact on your business. Brightwater IT contractors are available at short notice to fulfil urgent and short-term needs. Contractors are available for one off projects, when deadlines are looming or simply to cover illness, holiday or maternity leave. Contract and permanent roles are diverse, ranging from sales and customer facing roles to highly technical positions. There are huge opportunities in IT for career advancement and development of experience and the financial rewards are excellent.
